

YOUR PACKING PARTNER FOR EVERY JOURNEY

**Plastic
Moulded IML
Containers**

Welcome To,

KANTAM KONTAINERS LLP

Kantam Kontainers LLP is a Limited Liability Partnership (LLP) based in Gujarat, India. **We started on 2022**, in Ahmedabad and specialize in high-quality plastic packaging solutions. Our company is ISO 9001-2015 certified, ensuring top standards in our work.

We manufacture a wide range of IML plastic packaging products for different industries. We focus on delivering reliable and well-crafted packaging solutions to meet our customers' needs.

WHAT IS IML ?

In-Mold Labeling (IML) is an advanced packaging technique that integrates the labeling process into the molding of plastic containers. During production, a pre-printed label is placed in the mold before the plastic material is injected. As the molten plastic fills the mold, it encapsulates the label, resulting in a seamless and durable bond between the label and the container.
